MEMORANDUM FOR THE FILES

SUBJECT: OPC Liaison With Research and Development Board

1. The meeting was held on 23 March 1950 in the offices of Lieut. Colonel C. G. Patterson, U. S. Army, in Room 3E1051 Pentagon. Those present were Colonel H. F. Muentzer, USAF - JSPD; Colonel L. O. Peterson, USAF (new Air Force Representative, RDB); Lieut. Colonel F. X. Purcell, USAF (transferred to Ordnance); Lieut. Colonel C. G. Patterson, U. S. Army; Con-

25X1C

3. Colonel Patterson stated that the RDB has 11,349 current projects on which cards are kept in RDB, but that there were no cards retained on projects that had been completed. (The interest of the Research and Development Board ceases with R & D when a project is completed and they have no interest in procurement.) He said that although OPC was welcome to survey RDB project cards, it was felt that more complete information, including completed programs, could be obtained by going directly to the technical services of each Service. Colonel Patterson further stated that he felt the Liaison Section of the Planning Division, RDB, could be most helpful in guiding OPC inquiries directly to sources of information desired without briefing a large number of personnel between top commands and the technical services.

4. It was concluded that RDB would identify Technical Liaison Officers from each of the Services that would be contacted by OPC. For the Army, Lieut. Colonel C. C. Noble, Plans and Operations, and Lieut. Colonel Duncan Hallock, Logistics

Research and Development, were recommended. Captain R. M. Jaspersen, USN, member of this RDB group, who was not present at the meeting, later recommended Captain George C. Wright, USN - Extension 75533, Room 4B548, as the proper contact for the U. S. Navy. Colonel Peterson suggested contacting Colonel Bousagy, Air Force R & D, or Major General Donald L. Putt in Room 4E337 Pentagon, Extension 4062. [REDACTED] is familiar with this particular liaison channel and felt that he could make arrangements for RDB/OPC inquiries.

ABSTRACT NOTATION REFERENCES

25X1C

25X1C

Meeting with officers of Research and Development Board. OPC representative said OPC's problem was to re-establish research, development and procurement of [REDACTED]

Since R and D Board keeps no record of completed projects it was felt it would be necessary for OPC to establish liaison with Technical Liaison officers of the Services.
